2. Current Status of Business Rescue Proceedings

Kindly note: This status report must be read together with all previous status reports and that the information contained in this status report is a record of events and/or information that have transpired subsequent to the publication of the previous month's status report:

2.1 Progress on Implementation of the Adopted Business Rescue Plan

- 2.1.1 The proposed business rescue plan was adopted by the requisite majority of creditors on the 3rd of July 2020 at the section 151 meeting of creditors.
- 2.1.2 The BRP subsequently made an interim distribution to proven creditors.
- 2.1.3 The BRP had thereafter finally determined SARS' claim, however the BRP had to deal with disputes on assessments made by SARS. The BRP then proceeded to make payment to SARS of the amount as previously determined.
- 2.1.4 SARS has not challenged the BRP's determination of its claim (and the final amount that has been paid to SARS), and it at this stage doesn't appear that SARS will do so (as no correspondence has been received from SARS post the payment of its claim).
- 2.1.5 Kleinfontein Colliery Proprietary Limited ("Kleinfontein") remains a substantial debtor of the company. Whether or not there will be a recovery from Kleinfontein remains uncertain at this stage.
- 2.1.6 The BRP and the business rescue team are currently tying up certain minor loose ends relating to the affairs of the company, with a view to finalising the business rescue process of the company.
- 2.1.7 Pending the finalisation of the business rescue process, the BRP will in due course be making a distribution of 27 cents in the rand to creditors (this being the second distribution thus far).
