5. The Business Rescue Plan in relation to the Company was adopted on 14 December 2022 and is still being implemented.
6. The company also has an outstanding claim which was submitted against the insolvent estate of a related trust.
7. An insolvency dividend was received from insolvent estate of the related trust during January and it was aimed that a final reconciliation was to be done before the end of May 2025 but this has not materialised and it transpired that a further liquidation and distribution account in respect of the related trust was lodged with the Master and in respect of which a further dividend might become payable to the company in due course.
8. Efforts to finalise are ongoing but as is normally the case the month of December proved to be a generally quiet month insofar as developments in this matter are concerned in view of the festive season and general holiday period.
