2. Current Status of Business Rescue Proceeding

Kindly note: This is the 7th monthly report submitted by the BRPs. As is required by law the BRPs will going forward provide Affected Parties with a monthly report, updating such parties on the progress of the business rescue process.

Each subsequent status report must be read together with all previous status reports and that the information contained in the most recent report only contain a record of events and/or information that have transpired subsequent to the publication of the previous month's status report.

3. Publication and Adoption of Proposed Business Rescue Plan

- 3.1 The proposed business rescue plan, as published on 28 June 2024, was adopted by creditors at the 2nd meeting of creditors held on 12 July 2024.

4. Current Operations

4.1 Elandspruit:

- 4.1.1 The 1st of 2 coal resources operated by Wescoal. The operations at Elandspruit consist of both an underground operation as well as an open cast operation.
- 4.1.2 The BRPs are happy to report that they have concluded the public process of inviting and thereafter identifying their preferred operator for the opencast operations at Elandspruit. A key requirement is that there is an off take agreement, preferably for an Eskom product to make the project viable. Contractual negotiations are currently underway and the BRPS are confident that operations at the Elandspruit opencast operations will resume soon. These actions are in progress.
- 4.1.3 Underground operations continued. In terms of the adopted Business Rescue Plan, it is required that a new agreement is concluded with the contractors regarding operations and the entrance adit. These negotiations continue.

4.2 Khanyisa:

- 4.2.1 Operations at Khanyisa have been on care and maintenance for some time, with some short-term project approved to access some lower grade stockpiles on site.
- 4.2.2 To date, approximately 120,000 tonnes of lower grade coal has been sold and removed off site.
- 4.2.3 The BRPs entered into a sale agreement of approximately 50,000 tonnes coal, currently underwater. The purchaser has made significant progress with regards to the removal of water and the BRPs expect mining operations to commence during October 2024.
- 4.2.4 .

- 4.2.5 The BRPs will continue to explore various options relating to the future of the Khanyisa colliery and are in discussions with various parties as proposed in the adopted business rescue plan.

4.3 Processing Plant:

- 4.3.1 The BRPs identified the Wescoal processing facility as a prime source of revenue and all effort has been made to commence toll washing operations on site.
- 4.3.2 The BRPs will continue to explore various options relating to the future of the Processing Plant and are in discussions with various parties as proposed in the adopted business rescue plan.

5. Cost Saving Measures

- 5.1 The BRPs have set out a proposed cash flow, together with related savings in the adopted Business Rescue Plan.
- 5.2 High costs do however remain for key lines such as security, electricity supply and insurances/guarantees which we hope to address in the proposed transactions.

6. Proof of Claims

- 6.1 As envisaged in the adopted BR Plan, the BRPs will be finalising the list of approved claims shortly and will circulate the finally approved list in due course. Creditors.

7. Additional Matters

- 7.1 Various other matters have also needed to be dealt with and next steps considered, being *inter alia*:
- 7.1.1 Arnot Business Rescue and ongoing litigation (ongoing);
- 7.1.2 Ongoing assessment of the required rehabilitation at all sites and related guarantees issued, including specific action plans required pertaining to the process plant and meetings scheduled with Muhanga.
